EXPRESS COMPANIES HARD HIT

Report Shows Parcel Post Has Cut

Chicago, May 3 .- As a result of the parcel post 11 express companies covering 302,759 miles of lines sustained a loss of 53.8 per cent in net operating income during the first six months of the current fiscal year, despite a gain in mileage of over 4000 miles.

This result is shown by figures of the Interstate Commerce Commission, analyzed by the Bureau of Railway News and Statistics. The figures giving earnings and expenses of the express companies from July 1 to December 31, 1913, afford the first official data from which the effect of way revenues may be ascertained.

wo Bennington Boys Winning Laur els with New Jersey School Nine John Scott, pitcher, and Frank Braril, catcher, two Bennington boys, are playing great baseball for the Pennington (N. J.) seminary team. The two boys entered the school with the opening of the spring term and they

have been the sensation of the games

so far played by the nine. On Saturday, Scott pitched a noagainst the Bordentown military in stitute nine. He fanned 14 batters and the only two Bordentown boys who reached first base were passed.

The feature of the game was a dou ble steal performed by Scott and Brazil. The latter made two of the 10 hits for his team one of them good for three bases. Scott also made a single.

In previous games played by the seminary nine the work of Scott and Brazil has been highly commended. Scott has pitched good ball but has not been accorded the best of support. Brazil's catching has been a revelation to the friends of the school who are particularly impressed with the speed of his throwing to second base.

UNKNOWN STEAMER BURNED No Sign of Life When Discovered

By Passing Vessel Hallfax, N. S., May 4 .- An unknown steamer on fire from stem to stern, and with no signs of life on board, was discovered 300 miles south of Cape Race today by the steamer Seydlitz from Bremen for New York. Her position was given as latitude 41.27 north and longitude 51.07 west. The Seydlitz immodiately called by wireless for assistance and response came from the Franconia 50 miles to the east ward. bound for Boston, and the Olympic 200 miles to the west headed for New York.

The Seydlitz circled around the burning vessel but the smoke hung so heavy about her that her name could not be distinguished.

As no small boats were discovered in the vicinity and as the Olympic had passed not far from the scene 12 or 15 hours before, it was believed here tonight that the unnamed vessel caught fire some time after midnight and that all hands were rescued by some ship which had no wireless.

OF COLORADO LEGISLATURE

Called To Act on Big Strike in At Mock Trial at the Methodist Coal Regions

SUPPORT FOR GOV. AMMONS JURY SAID

Movement to Pay State Troops May Meet with Opposition from Labor Unions

Denver, Col., May 5 .- The Colorado Legislature convened in extra ses legislation were attempted, an atmatters connected with Colorado's coal strike.

The selection of J. P. Slattery as the democratic caucus candidate for speaker by a vote of 33 to 17 was regarded as a victory for the suppor ters of Gov. Ammons. This assured Slattery's election as speaker. The administration supporters appeared to favor the payment of the militia, but opponents declared that if such which will convene next January and tempt would be made to bring about

the governor's impeachment. A suggestion was heard that the Senate and House appoint a join committee to investigate the strike and report to the 20th Legislature complete a formal message, he plan then adjourn without day, leaving the present authorities. Such a course would mean no provision for meeting the military indebtedness, roughly es timated at \$1,000,000, and no attempt to carry out the legislative program contained in the governor's call.

Labor leaders continued to express confidence that they would be able to carry through their avowed program for the governor's impeachment.

It was uncertain when Gov. Am mons would address the joint session The Governor, somewhat recovered from his nervous and physical col lapse of Sunday night, was at his of fice during the morning. Unable to that after a number of lives had been ned to go before the joint session and make an address.

The appearance of Gov . Ammon. leaning on the arm of Representative Lee, one of the woman members, was greeted with applause.

"Members, ladies and gentlemen." said the governor, "you have been called to meet a grave emergency in the history of the state. Our state hangs in the balance and I have call ed you to help solve the questions. The governor then gave a history o the strike, stating that he had used every means possible to avoid send ing the militia to the coal fields, but of internal trouble and to prevent the lost and considerable property des troyed, a battle was imminent and he was compelled to call out the troops. He also dealt with the financial situation arising out of the mili tary campaign.

"If we are to leave the settlemen of the strike to the strongest, i're spective of the right, then we canno expoct right," he said. "If the termi nation of the strike is dependent or riot, bloodshed and destruction of property, then we can never hope to make this a state to which men and women will come to live."

He called attention to that part of President Wilson's telegram which asked the Legislature to take charge as soon as possible; reviewed the cor ditions of the national guard, and asthe enactment of a law creating a state constabulary. He urged the enactment of laws giving the governor authority to close saloons in time o finternal trouble and to prevent the sael of arms and ammunition under conditions such as exist in Colorado

SPECIAL SESSION FRED BOTTUM WAS CONVICTED BY THE JUDGE

GUILTY

"Governor" Nichols Will Be Recalled For Trying to Bulldoze the

The mock trial of F. L. Bottum, for illegal fishing, was concluded Monday night at the Methodist Brotherhood meeting. The evidence indicated that the fish were not trout, but a species of "Poggie." That they were not alive when taken from the gutter in front of Dr. Putnam's residence, but had been canned. That the whole thing was evidently a frame-up to put out of the way one of our most progressive citizens, a manufacturer who employs a great deal of help. and which would indeed have been a

farious plot been successful. A sample of the water taker right after the last big shower, was found upon analysis, to contain a lorge amount of sulphate of copper, which had been dumped into the street by the street cleaning department for he purpose of killing the weeds. The defense maintained that it was so poisonous that nothing smaller than a ten-inch fish could live in it, but the court ruled that small fish did

ot mind a little blue vitriol. Judge Putnam made a very able and witty charge to the jury, instruct ng them to bring in a verdict of guily. The judge was very indignant when the jury returned and Foreman Shaw reported they had, after ue deliberation, found Mr. Bottum nnocent, and expressed his surprise that, in the face of the evidence,

welve American citizens could agree n such a verdict. He over-ruled their decision and sentenced the prisoner to life bantsh ment to Petersburg Junction, with a certain allowance of sugar with his diet of sand, and one extra onion per week. Mr. Bottum was given an alernative sentence which could cut the period of banishment one-half, which he elected to accept, and after

djournment of the court he paid the At the beginning of the session a opy of a letter from the members of be bar to Governor W. H. Nichols, etting forth the inefficiency of Judge rving E. Gibson and requesting that secause of his inattention to important duties of the bench he be im-

eached, was read. The reply of Governor Nichols datd from Bull Moose Head-quarters, State of Great Expectations, assured the applicants of his great pleasure in complying with their request and that he was glad of such a good oportunity to remove from in front of the wheels of Progress, one who had een a menace to the success of the Bull Moose propaganda. The club oted to conduct the evening service it the church next Sunday night.
